# CWM-302

## ULTRASOUND STIMULATOR

CWM-302 delivers 1Mhz ultrasonic wave with thermal effects to promote material renewal of the treatment portion of a patient. In case of special request, the function of 3Mhz with additional conductor will add the current unit as an option to soften hypertrophic scars and for other superficial applicators.

- One touch system for easy handling
- 4 different kinds of operation modes  
(modulation / continuation / vibration / bit)
- Use for more wide range with 1Mhz and 3Mhz
- Zero start / Electric over-current prevention

CWM-302

### Specifications

#### <Accessories>

1Mhz small hand probe

3Mhz large hand probe  
(Optional)

1Mhz large hand probe

#### CWM-302

- Output Range : 0~7W
- Time : 1~30 mins, adjustable
- Power consumption : 50w
- Dimension(mm) : 290(W) X 235(D) X 100(H)
- Weight : 3.2Kg
- Power : AC 110~240V, 50/60Hz
- Electric shock protection : Class 1 BF

**CHUNGWOO, pursues it's aims to improve health & beauty in life though  
new technology and highest quality.**

We do our best to become the world's best company devoted to the healthy and beautiful life of human beings based on the specialized technology and manufacturing capability in the fields of Medial and Aesthetic equipments.
